RE: New Seafood/Fish Menu Item

Dear Parent/Guardian:

There is a new menu item that was added to the CCSD food service menu. It is listed as Nacho Fish Sticks. The fish is an Alaskan Pollock. This item will be served for the first time on **Tuesday, March 15, 2016**.

When fish is served, an alternative option will always be made available. The menu is available @ <http://ccsd.net/departments/food-service/school-lunch-menus>. If your child is not able to have the entree provided due to food allergies/sensitivities, **or is unable to request alternative entrée option, please provide a lunch from home**. If your child has a seafood/fish allergy that the school is unaware of, please contact your school's health office.

If your child has an allergy to fish, please complete a medical statement for a special diet signed by your child's physician. The form is located on the Food Service webpage or this link <http://www.ccsd.net/resources/food-service/special-diet-medical-statement-to-request-a-special-diet.pdf>. You may also contact your school nurse for the Special Diet form.

If you do not have access to a computer, monthly menus are available from the school offices.

For questions and/or concerns, please contact the CCSD Dietitian, Lory Hayon at 702-799-8123, ext.5122.

Sincerely,

Lynn Row, RN  
Director of Health Services
